Listed below are our various approaches to funding your case:

## **No Win No Fee Agreement**

The majority of cases that we take on are funded under a no-win-no-fee agreement. This means that if you are not successful and you lose your case then you do not have to pay any costs or disbursements. If you win then you may have to pay something out of your compensation. This will include payment of premium to the 'after the event' insurer and also our success fee.

We guarantee that clients will receive at least 75% of their compensation.

## **Legal Expense Insurance**

You should check your household insurance policies to see if they include legal expenses cover for medical negligence claims. If you do have cover in those circumstances you will not have to pay anything out of your compensation in respect of either ATE insurance premium or our success fee.

## **Trade Union Help**

If you are a member of a trade union they may be in a position to help.

## **Private Funding**

If none of the above are suitable, you can fund your case privately.
